COMMUNITY SUPPORT NETWORK

ABOUT US

OUR MISSION

Community Support Network, Inc. is a non-profit organization that provides comprehensive daytime services to individuals with developmental disabilities. These daytime services include supported employment, recreation and leisure services, community integration, and case management.

OUR VISION

Community Support Network, Inc. believes that all individuals, regardless of their level of functioning, should be integrated and supported in all aspects of community life. Community Support Network strives to promote natural supports and to develop a network of relationships for all consumers.

OUR HISTORY

At CSN, we've been dedicated to positively impacting the lives of individuals with intellectual and developmental disabilities in Wisconsin since 1991. We aim to empower lives through comprehensive daytime services, fostering self-determined journeys marked by personal growth, social interaction, and financial independence.

At CSN, our dedicated staff members are deeply involved in the day-to-day operations, providing crucial support and assistance to our clients. Every team member is a Certified Direct Care Provider. With each direct support worker boasting over a decade of service with CSN, their commitment and expertise are unparalleled. They play a pivotal role in directly providing services that enhance the overall well-being and development of individuals with developmental disabilities.

COMMUNITY SUPPORT NETWORK VOLUNTEERS

Our volunteers truly went above and beyond in 2024, and we couldn't be more grateful for their dedication. The time and energy each volunteer brings to everyday and event at CSN is nothing short of inspiring. Our events and programs would not be as successful or fulfilling without their efforts, and we are incredibly thankful for every one of them.

A special shoutout goes to our volunteers who braved the rainy Memorial Day weekend at Bratfest and those who helped keep attendees hydrated at the always-popular Taste of Madison. You rock! Your support not only helped these events run smoothly but also strengthened CSN's connection with the community, ensuring some of Madison's favorite events went off without a hitch.

We also want to highlight the incredible work of our regular volunteers who dedicate their time each week or month to support us. These amazing individuals bring joy, creativity, and laughter to CSN, enriching our activities and brightening our days. The patience and positivity you share do not go unnoticed, and our enrichment program is stronger because of your continued support.

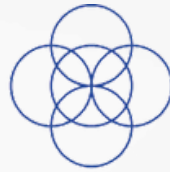

**Thank you all for the time and the kindness
you bring with you to CSN!**
